Some Simple Points to Maximize the Enjoyment of Your Learning Experience

Look At Your Medical Statement. (Required for all courses involving in-water activity) For Open Water Courses this form is on the student folder inside cover which is part of the student text kit. During the first night of class your instructor will walk you through the completion of this form. It is important to understand that this form is to help alert you to any Medical Condition that may affect your ability to dive. It is not that you will be unable to dive, just that you will need to discuss this with and get a medical release from your doctor. If you feel that a “yes” answer will be appropriate to any of these questions, please tell us so we can provide you the necessary form for your doctor to execute. **THIS DOCTOR’S APPROVAL MUST BE OBTAINED BEFORE ANY IN-WATER ACTIVITY INVOLVING SCUBA AND IS ONLY GOOD FOR ONE YEAR.**

Please Be Prepared for Class: ALL courses presented at Sea Ventures are based on home-study. You need to be familiar with the material BEFORE the classroom session as classroom is intended to re-enforce, not create, knowledge on the subject matter. Your answers to the end of the chapter review questions should be recorded on the answer sheets in the back of your book and presented to the instructor at the beginning of each class. **YOUR COMPLETED ANSWER SHEET IS YOUR ADMISSION TICKET FOR CLASS.**

Please Come and Be on Time: Sounds kind of simple doesn’t it? If for some reason you can’t make class, please let us know or, if you know in advance of a class you can’t make, tell your instructor and see if you can work out a mutually acceptable solution. We will work with you to resolve schedule conflicts. Timeliness is particularly important for pool sessions as this is the most important (and most fun) part of class.

Please Resolve Equipment Issues Before Class: Our course flyers set forth the specific requirements for each class. Our staff is familiar with all products carried by Sea Ventures and is more than willing to work with you in resolving issues and helping with minor repairs. Adjustment of, or repairs to equipment not acquired at Sea Ventures must be done by our service staff and will be subject to a nominal fee. **EQUIPMENT NOT PURCHASED AT SEA VENTURES MUST BE EXAMINED BY YOUR INSTRUCTOR TO ENSURE IT MEETS THE REQUIREMENTS OF THE COURSE BEING TAKEN.**

Course Fees Must be Paid Before First Night of Class: Class fees must be paid by cash or check. Fees for Professional Level education may be paid incrementally when prior arrangements are made. **PAYMENT FOR SERVICES RENDERED IS A PREREQUISITE FOR ALL LEVELS OF CERTIFICATION.**

AND ABOVE ALL ELSE...SAFELY HAVE A FUN TIME AT SEA VENTURES
